Guidelines for Online Card User Password:

- Your password is case sensitive ; please ensure you remember the manner in which you set the password.
- Please do not set a password that can be easily compromised (for eg, do not put your name, family name, date of Birth etc) which could be common knowledge to others.
- In case the password is not changed then for security reasons every 90 days you would be asked to compulsorily change your password.
- Please change your password periodically.
